

# METROHEALTH BEHAVIORAL HEALTH CENTER

**Be Part of Moving the Conversation from Wellness to Well-Being**

**OPENING OCTOBER 2022**

MetroHealth's new Behavioral Health Center will change the way behavioral health services are delivered in Cleveland. **And you can be a part of it, right from the start.**

Our new Behavioral Health Center, located in Cleveland Heights, is intentionally designed to meet the needs of patients. If you work in behavioral health, you've been waiting for a hospital to make significant, dedicated investments in behavioral health so that you can help patients find the healthiest outcome. Your wait ends this fall.

You'll work in a facility intentionally designed to support a healing environment, offering modular spaces for individualized care of children, teens, adults, and seniors. You'll be backed by an innovative care curriculum that supports patients across a continuum of care that includes inpatient, partial hospitalization, intensive outpatient, and outpatient services.

**You will have the tools to do what you love: help people find the healthiest version of themselves.**

## Intentionally Designed for the Best Patient Care

It's rare to find a hospital system making this type of investment in behavioral health, but it's what our community needs. That's why MetroHealth is building a brand new behavioral health center, offering modular spaces to provide individualized support for the patients in our care.

- Dedicated spaces to group patients by age and need, providing additional safety for patients and staff while supporting patient needs
- Ability to customize patient environment daily to customize care for best healing environment
- 112 dedicated beds available, allowing our community to grow into the new space

## More than a new hospital. A groundbreaking philosophy of care.

MetroHealth integrates behavioral health across the entire system because we know mental health care is healthcare. This integration has led to our investment in the new Behavioral Health Center, which brings with it a philosophy of nurturing patients across an entire continuum of care based on their needs, ushering in a new era of behavioral health care in Cleveland.

- A revolutionary care curriculum that follows patients through inpatient, partial hospitalization, intensive outpatient, and outpatient services so patients can continue to make progress on their journey to well-being.
- Partnerships with community organizations to provide patients with the support services they need
- Experienced leadership dedicated to evidence-based practices that support patients at every stage of their path to health.

## ABOUT METROHEALTH

Founded in 1837, MetroHealth is leading the way to a healthier you and a healthier community through service, teaching, discovery, and teamwork. Cuyahoga County's public, safety-net hospital system, MetroHealth meets people where they are, providing care through four hospitals, four emergency departments, and more than 20 health centers and 40 additional sites. Each day, our 8,000 employees focus on providing our community with equitable health care—through patient-focused research, access to care, and support services—that seeks to eradicate health disparities rooted in systematic barriers. **For more information, visit [metrohealth.org](https://www.metrohealth.org)**
